

Populist Party Platform

We declare, therefore—

First.—That the union of the labor forces of the United States this day consummated shall be permanent and perpetual; may its spirit enter into all hearts for the salvation of the republic and the uplifting of mankind.

Second.—Wealth belongs to him who creates it, and every dollar taken from industry without an equivalent is robbery. "If any will not work, neither shall he eat." The interests of rural and civil labor are the same; their enemies are identical.

Third.—We believe that the time has come when the railroad corporations will either own the people or the people must own the railroads; and should the government enter upon the work of owning and managing all railroads, we should favor an amendment to the constitution by which all persons engaged in the government service shall be placed under a civil-service regulation of the most rigid character, so as to prevent the increase of the power of the national administration by the use of such additional government employees.

FINANCE.—We demand a national currency, safe, sound, and flexible issued by the general government only, a full legal tender for all debts, public and private, and that without the use of banking corporations; a just, equitable, and efficient means of distribution direct to the people, at a tax not to exceed 2 per cent, per annum, to be provided as set forth in the sub-treasury plan of the Farmers' Alliance, or a better system; also by payments in discharge of its obligations for public improvements.

1. We demand free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1.
2. We demand that the amount of circulating medium² be speedily increased to not less than \$50 per capita.
3. We demand a graduated income tax.
4. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all State and national revenues shall be limited to the necessary expenses of the government, economically and honestly administered. We demand that postal savings banks be established by the government for the safe deposit of the earnings of the people and to facilitate exchange.

TRANSPORTATION.—Transportation being a means of exchange and a public necessity, the government should own and operate the railroads in the interest of the people. The telegraph and telephone, like the post-office system, being a necessity for the transmission of news, should be owned and operated by the government in the interest of the people.

Populist Party Platform

LAND.—The land, including all the natural sources of wealth, is the heritage of the people, and should not be monopolized for speculative purposes, and alien ownership of land should be prohibited. All land now held by railroads and other corporations in excess of their actual needs, and all lands now owned by aliens should be reclaimed by the government and held for actual settlers only.

Expressions of Sentiments

Your Committee on Platform and Resolutions beg leave unanimously to report the following: Whereas, Other questions have been presented for our consideration, we hereby submit the following, not as a part of the Platform of the People's Party, but as resolutions expressive of the sentiment of this Convention.

1. We demand a free ballot and a fair count in all elections and pledge ourselves to secure it to every legal voter without Federal Intervention, through the adoption by the States of the unperturbed Australian or secret ballot system.
2. The revenue derived from a graduated income tax should be applied to the reduction of the burden of taxation now levied upon the domestic industries of this country.
3. We pledge our support to fair and liberal pensions to ex-Union soldiers and sailors.
4. We condemn the fallacy of protecting American labor under the present system, which opens our ports to the pauper and criminal classes of the world and crowds out our wage-earners; and we denounce the present ineffective laws against contract labor, and demand the further restriction of undesirable emigration.
5. We sympathize with the efforts of organized workingmen to shorten the hours of labor, and demand a rigid enforcement of the existing 8 hour law on Government work, and ask that a penalty clause be added to the said law.
6. We regard the maintenance of a large standing army of mercenaries, known as the Pinkerton system, as a menace to our liberties, and we demand its abolition. . . .
7. We commend to the favorable consideration of the people and the reform press the legislative system known as the **initiative and referendum.**
8. We favor a constitutional provision limiting the office of President and Vice-President to one term, and providing for the election of Senators of the United States by a direct vote of the people.
9. We oppose any subsidy or national aid to any private corporation for any purpose.
10. This convention sympathizes with the Knights of Labor and their righteous contest with the tyrannical combine of clothing manufacturers of Rochester, and declare it to be a duty of all who hate tyranny and oppression to refuse to purchase the goods made by the said manufacturers, or to patronize any merchants who sell such goods.
